# *We Are Making Money*

*Let Us Make  
Some For You*

---

---

While we have no direct interest in the United States Mint in San Francisco, we can magnetize YOUR money by which it will attract mint money, and in proportion to the value and number of pieces which you desire so magnetized. We work in harmony with our Government in upbuilding and therefore value increasing Real Estate. We can refer you to our clients, some money of which we have successfully magnetized.

**FOR EXAMPLE**—5 per cent. to 12 per cent. net on realty loans, 6 per cent. to 15 per cent. on "flat" investments. Bank interest on "inside" property, value of which is being steadily increased by reason of rapid business expansion. 100 per cent. to 200 per cent. on "wholesale" investments. Sold in units of \$125 with a 7 per cent. net interest bearing certificate with a bank guarantee, etc. A remarkable opportunity for the conservative investor.

We are on the GROUND FLOOR and have one of the largest and most thoroughly equipped offices in Alameda County. Correspondence solicited. **BANK AND CLIENT REFERENCES.**

We are headquarters for the Great Klamath Country—"the place where things grow"—Klamath Falls, the coming "Spokane." Big opportunities for people with limited capital. Call for illustrated literature or attend our weekly free stereopticon lecture.

THE Company owns over 20,000 acres of coal land located in Monterey County. A Railroad is now being built to the property from Kings City. Ralph Arnold, in U. S. Geological Survey, Bulletin No. 285 says: This is a **BITUMINOUS COAL**, and "it is the best grade of coal on the Pacific Coast south of Washington." Coal has made many rich. Make it do as much for you by investing now while the stock is at par.

# Introductory

---

**G**REAT care has been taken to make this, the twenty-first annual issue of the Oakland, Berkeley and Alameda City Directory, equal if not superior to its predecessors. No pains nor expense have been spared to make it complete, thorough and accurate. To successfully compile the minute details of a directory for a city of the proportions of Oakland is a work which only experience and the operation of a perfect system can make possible and valuable.

Men well qualified for the work have visited every dwelling in the city, have visited every workroom and office, and persistently and patiently plied their questions; have hunted up citizens in the most remote and obscure locations, ascertained the names of those residents who were temporarily absent from the city, and of all the humbler citizens whom circumstances force to move frequently.

## POPULATION.

This directory contains 76,712 names of adult residents of Oakland, 16,378 for Berkeley and 11,522 for Alameda. An increase of 4,296 since the last issue. Applying the usual multiple to represent the women and children whose names are not taken, the population of Greater Oakland at the present time is 313,836.

A general directory library is maintained by this company at its office, 906 Broadway, Room 43, for the free use of its patrons and the public generally; this library contains the directories of all the principal cities of the union, and the citizens of Oakland may therefore communicate with the entire country.

The Oakland City Directory is placed in the libraries of the directory offices in all the important cities of the country, where it is frequently consulted by non-residents and travelers, and where it serves as a lasting advertisement for the city, its business men and its public and private institutions.

Extending thanks for the courteous treatment extended our employes during the canvass of the city and the liberal patronage bestowed, we remain,

Respectfully,

POLK-HUSTED DIRECTORY CO., Publishers.

# POSTAL RATES AND CLASSIFICATION OF MAIL MATTER

Domestic mail matter, that is, mail matter sent in the mails from some post office within the United States to some other post office within the same, is divided into four classes, as follows:

## First-Class Matter

**RATE OF POSTAGE: TWO CENTS FOR EACH OUNCE OR FRACTION THEREOF.**

Written matter, namely letters, postal cards, and all matter wholly or partly in writing, whether sealed or unsealed—except as provided below—and all matter, sealed or otherwise, closed against inspection is of the first class.

## RELATIVE TO POSTAL AND POSTAL CARDS.

Post cards issued by the Government may bear written, printed or other additions as follows:

The face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for a message, etc., but the space to the right for the address only.

Addresses upon postal cards may be either written, printed or affixed thereto, at the option of the sender.

Very thin sheets of paper may be attached to the cards on condition that they completely adhere thereto. Such sheets may bear both writing and printing.

Advertisements, illustrations or writing may appear on the back of the card and on the left third of the face.

Postal cards bearing particles of glass, metal, mica, sand, tinsel, or other substances are unmailable, except when enclosed in envelopes with proper postage attached, or when treated in such manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails.

Post cards must conform to the following conditions:

A post card must be an unfolded piece of cardboard not exceeding 3 9-16 by 5 9-16 inches nor less than 2 3/4 by 4 inches.

It must be in form and in quality and weight of paper substantially like the Government postal card.

It may be of any color not interfering with a legible address and postmark, and may or may not, at the option of the sender bear at the top of the face the words "Post Card."

The face of the card may be divided by a vertical line, the left to be used for a message and the right half to be used for the address only.

The permissible additions to postal cards apply also to post cards.

Ornamented or other post cards mailed in sealed envelopes, transparent or otherwise, are subject to postage of the first-class rate; if enclosed in unsealed envelopes they are subject to postage according to the character of the message—at the first-class rate if wholly or partly in writing, or the third class rate if entirely in print. In all cases the postage stamps should be attached to the envelopes; if attached to the enclosures they cannot be recognized in payment of postage.

The same restrictions relative to rendering unmailable postal cards under certain conditions, apply also to post cards.

Pieces of wood, leather, bark, or other material other than paper, purporting to be post cards and bearing no written additions unauthorized by law, when sent in the mails unsealed are chargeable with postage at the fourth class rate—one cent an ounce or fraction thereof.

Such matter, bearing written additions unauthorized by law, when mailed is subject to postage at the first class rate—two cents an ounce or fraction thereof.

## Second-Class Matter

Second-class matter is of two kinds. First, that sent by publishers or news agents; second, that sent by other than publishers or news agents.

**RATE OF POSTAGE TO PUBLISHERS AND NEWS AGENTS: ONE CENT PER POUND OR FRACTION THEREOF. TO INDIVIDUALS, ONE CENT FOR EACH FOUR OUNCES OR FRACTION. SECOND CLASS PUBLICATIONS MAILED BY PUBLISHERS OR NEWS AGENTS TO CANADA MUST BE PREPAID AT THE TRANSIENT RATE OF 1c FOR EACH 4 OUNCES WITH STAMPS AFFIXED, EXCEPT THAT DAILY PUBLICATIONS MAY BE MAILED AT 1 CENT A POUND PAID AT THE OFFICE OF MAILING.**

Mailable matter of the second-class embraces all newspapers and other periodical publications which are issued at stated intervals and are within the conditions named in the statute.

## STATUTORY CHARACTERISTICS OF SECOND-CLASS MATTER.

First—It must be regularly issued at stated intervals, as frequently as four times a year, and bear a date of issue and be numbered consecutively.

Second—It must be issued from a known office of publication.

Third—It must be formed of printed paper sheets, without board, leather, cloth or other substantial binding, such as distinguish printed books for preservation from periodical publications.

Fourth—It must be originated and published for the dissemination of informa-

tion of a public character, or devoted to literature, the sciences, arts, or some special industry, and having a legitimate list of subscribers.

**What is Permissible to Be Written or Printed**—The name and address of the person to whom the matter shall be sent; index figures of subscription book, either printed or written; the printed or written name and address of the publisher or sender, or both, and written or printed words of figures, or both, indicating the date on which the subscription to such matter will end; the correction of any typographical error; a mark, except written or printed words, to designate a word or passage to which is desired to call attention; the words "sample copy," or "marked copy;" and publishers and news agents may enclose in their publication, bills, receipts and orders for subscription thereto.

### Third Class—Printed Matter.

**RATE OF POSTAGE: ONE CENT FOR EACH TWO OUNCES OR FRACTIONAL PART THEREOF, AND MUST BE FULLY PREPAID BY STAMPS AFFIXED**

**Printed Matter**—Is defined to be the reproduction upon paper by any process except that of handwriting, or by the typewriter, or any words, letters, characters, figures, or images, or of any combination thereof, not having the character of an actual personal correspondence. Seeds, bulbs and scions are included in third-class matter.

**Further Points of Definition**—Reproductions from originals, produced by mimeograph or similar mechanical process, easy of recognition, are entitled to pass in the mails in unsealed envelopes as third-class matter, when mailed at the post office window in numbers of at least twenty identical copies.

Proof sheets and corrected proof sheets and manuscript copy accompanying the same are rated as third-class matter.

**Permissible Writing**—Upon Matter of the third class, or upon wrapper or envelope inclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation and residence or business address, preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical error. There may be placed upon blank leaves or cover of any book or printed matter of the number of pieces enclosed, a legitimate addition in writing on envelope.

### Fourth Class—Miscellaneous Matter

**RATE OF POSTAGE: ONE CENT FOR EACH OUNCE OR FRACTIONAL PART THEREOF.**

Mailable matter of the fourth class embraces all matter not embraced in the first, second and third class, which is not in its form or nature liable to destroy or deface or otherwise damage the contents of the mail bag or harm the persons of

any one engaged in the postal service, and is not above four pounds in weight for each package thereof, except in case of single books weighing in excess of that amount.

**Examination**—All matter of the fourth class shall be subject to examination.

**How Enclosed**—Articles of merchandise must be wrapped or enclosed in such a manner that their character can be easily ascertained. In the case of such articles as medicine, powders, tobacco, cigars, fancy soaps and the like, postmasters will accept them when mailed in their original wrappers and so sealed or enclosed as to properly protect the articles, so that each package in its simplest mercantile form or unit of measure may be examined.

**Permissible Writing or Printing Upon or with Fourth-Class Matter**—With a package of fourth-class matter prepaid at the proper rate for that class, the sender may enclose any mailable third-class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying, the business address, preceded by the word "from," and any marks, numbers, names or letters, for purpose of description, or may print thereon the same and any printed matter not in the nature of a personal correspondence.

**Positively Unmailable**—Poisons, inflammable or explosive substances and other substances exhaling a bad odor. All alcoholic liquors, live animals or reptiles, dead animals not stuffed, live insects, except bees, comb honey and fruits or vegetable matter liable to decay; also letters, pictures or other articles of obscene or indecent character (sealed or unsealed), letters or circulars regarding lotteries or fraudulent schemes of any kind, and letters or other articles upon the outside of which appears anything of a scurrilous, defamatory or threatening character.

### Foreign.

#### THE UNIVERSAL POSTAL UNION

includes nearly all foreign countries. The classification of mail is as follows:

Articles for or from foreign countries, except Canada and Mexico, are classified as "Letters," "Postcards," "Newspapers," and other printed matter. "Commercial or business papers," and "Patterns or samples."

The Rate of Postage to the countries and colonies comprising the Universal Postal Union (except Canada and Mexico), are as follows:

Letters, 5 cents for the first ounce, and 3 cents for each additional ounce or fraction of an ounce; prepayments optional.

Postal cards, each, 2 cents (single) and 4 cents (double).

Newspapers and other printed matter, per 2 ounces, 1 cent.

Commercial Papers—Packets, not in excess of 10 ounces, 5 cents. Packets in excess of 10 ounces, for each 2 ounces or fraction thereof, 1 cent.

Samples of Merchandise—Packets, not in excess of 4 ounces, 2 cents. Packets in excess of 4 ounces, for each 2 ounces or fraction thereof, 1 cent.

**Mexico and Canada.**

Mexico—Matter mailed in the United States addressed to Mexico is subject to the same postage rate and conditions as it would be if it were addressed for delivery in the United States, except that articles of miscellaneous merchandise (fourth-class matter) not sent as a bona-fide trade samples, are required to be sent by "Parcels Post." See below.

Packages of merchandise (fourth-class) may be sent to Mexico as ordinary mail at domestic rates—not exceeding 4 pounds.

Canada—Matter mailed in the United States, addressed to Canada, is subject to the same postage rates and conditions as it would be if it were addressed for delivery in the United States. The following articles, however, are absolutely excluded from the Canadian mails, without regard to the amount of postage prepaid, or the manner in which they are wrapped, viz: All sealed packages other than letters in their usual and ordinary form; all packages (except single volumes of printed books) which weigh more than 4 lbs. 6 oz.; "Police Gazette" publications which violate any copyright law of Canada.

Merchandise can be sent in the mails to Canada at domestic rates of postage, when not sealed against inspection, subject to the custom duties of that country.

**Parcels Post.**

Unsealed packages of mailable merchandise may be sent by Parcels Post to Germany, Jamaica, Barbadoes, the Bahamas, British Honduras, Mexico, the Leeward Islands, the Republic of Colombia, Costa Rica, the Danish West Indies and Salvador, British Guiana, Windward Islands and Newfoundland at the postage rate of 12 cents per pound.

## THREE QUESTIONS FOR YOU TO ANSWER

- ¶ Perhaps you have always bought your Cuts where you obtained the lowest estimate.
- ¶ Presumably you have found them profitable.
- ¶ BUT—Have you ever calculated that if a poor Cut means *some* profit a good one means *more*? Wouldn't *one* new customer obtained by better Cuts more than repay you for the additional cost?
